## Child Usage Requirements

This stroller seat is suitable for use with children who meet the following requirements:

Birth to 15 kg or 3 years whichever comes first in each seat.

When using the stroller frame with NUNA infant carrier, refer to the child usage requirements listed in the infant carrier instruction manual.

## ⚠️ WARNING

Failure to follow these warnings and instructions could result in serious injury or death.

Always use the restraint system.

Check that the pram body or seat unit or car seat attachment devices are correctly engaged before use.

Do not let the child play with this product.

Ensure that all the locking devices are engaged before use.

Never leave the child unattended.

This product is not suitable for running or skating.

To avoid injury ensure that the child is kept away when unfolding and folding this product.

Accessories which are not approved by the manufacturer shall not be used. Only replacement parts supplied or recommended by the manufacturer/distributor shall be used.

Adult assembly required.

Any load attached to the handle and/or on the back of the backrest and/or on the sides of the vehicle will affect the stability of the vehicle.

**DO NOT** carry additional children, goods, accessories in or on the stroller except as permitted in this manual. They may cause the stroller to become unstable.

**DO NOT** leave the stroller exposed in the vicinity of a strong source of heat i.e. a radiator or open fire.

**DO NOT** place any item on the canopy.

**DO NOT** store the stroller in a damp place. Always allow the fabric to dry naturally away from direct heat.

**DO NOT** use storage basket as a child carrier.

**DO NOT** use the stroller if any parts are damaged or missing.

For car seats used in conjunction with a chassis, this vehicle does not replace a cot or a bed.

Keep small parts away from children as they pose a choking hazard.

Negotiate curbs and rough ground carefully. Repeated impact could cause damage to the stroller.

**NEVER** allow children to stand on the stroller.

**NEVER** use the stroller on stairs or escalators. You may suddenly lose control of the stroller or your child may fall out.

Overloading, incorrect folding, and the use of accessories e.g. child seats, bag hooks, rain covers, buggy boards, etc... other than those approved by Nuna may damage or make the stroller unsafe.

**STRANGULATION HAZARD** Do not place items with a string around your child's neck, suspend strings from this product, or attach strings to toys.

To avoid any danger of suffocation, remove all plastic covers before using this item and destroy or keep away from babies and children!

To prevent a hazardous, unstable condition, do not place more than 10 kg in the storage basket.

**ALWAYS** check ventilation when the rain cover is on the product.

**ALWAYS** check that the rain cover has been cleaned and dried before folding.

**DO NOT** fold the pushchair when the rain cover is attached.

**DO NOT** place your child in the pushchair in hot weather with the rain cover attached.

**Magnetic Harness Buckle:** The buckle and buckle clips contain magnets. If your child has a medical condition that prohibits the use of magnets near the child, do not use the stroller. Contact Nuna to discuss a solution.

Be mindful of the possible interaction of magnets in buckles and certain electronic devices.
